Hi Everyone,

Martin and I are having a "crank out the dam permits" session tomorrow morning, 9-12pm, in 20 Stehekin. We'll be having cold pizza and maybe donuts and music too a la late night college days as we get through the last parts of the Lower Columbia and Lower Snake River pre-draft dam permits. If you have a permit you're working on and want some company and food, come join us – BYOP (bring your own permit). If you want to just grab a bite to eat and bring it back to your desk, come on by any time! We'll also have some Corps of Engineers swag from our talk there on Monday.
